

Onward!

As you consider God's scattered servants out in the harvest fields, you may have flashes from the media reminding you that problems are everywhere. ISIS is recruiting fighters from every vulnerable spot on the globe - India, Istanbul and even the U.S. Also, West Africa is suffocating under the plague of Ebola. It is infecting and killing faster than can be contained.

The solution at the core is Jesus and gospel access, which will come through establishing multiplying churches. Fulfillment of the Great Commission is to be met with resolve and faith. This what compels our workers onward! As we move forward seeking to make Jesus famous among unreached people, we are grateful for more people contacting us from around the world desiring to join Crossover's team. These incredible men and women are determined and sold out for the kingdom, giving their all and sometimes even risking their lives for the advancement of the gospel. They live under great stress and stress takes a toll. Did you know some workers leave the field as broken people, even facing post-traumatic stress or in need for debriefing after a crisis? We want them to more than just survive the 'minefields' but to thrive in the 'harvest fields' as fully equipped Great Commission workers!

I have the privilege of caring for God's scattered servants as we work together to better understand team dynamics, varied personalities, communication and conflict management styles, etc. As we reach our goal of planting 2000 churches by 2020, Crossover is committed to help push the cutting edge of team and personal development. This is valuable because it expands the effectiveness of our workers as they lead thousands to faith in Jesus Christ, and those thousands lead millions.

Thank you for praying and for investing in the work at Crossover, a global effort to provide access to the gospel among the unreached. Please consider becoming a long-term investor in the work that God is doing through Crossover.

In Him for His service,
Joanna
